POINTS AND AUTHORITIES

I.

BACKGROUND

On December 21, 2012, Petitioner filed a Petition for Writ of Mandamus (Petition) with the Eighth Judicial District Court seeking the issuance of a writ of mandamus requiring the COMMISSION to release "slot win percentages for Clark County casinos with \$1,000,000 in revenue, by both denomination and casino for the last available twelve (12) month period."

On January 8, 2013, Petitioner served the Petition on the COMMISSION. On January 25, 2013, the COMMISSION filed a Motion to Dismiss the Petition. On February 6, 2013, Petitioner filed its Opposition to the COMMISSION's Motion to Dismiss. On February 22, 2013, the COMMISSION filed its Reply to Opposition to Motion to Dismiss.

A hearing on the Petition was held on March 18, 2013. At such hearing, the Court denied the COMMISSION's Motion to Dismiss, ordered additional briefing and scheduled a hearing for April 11, 2013 to address the merits of the Petition.

11.

STANDARD FOR WRIT RELIEF

"The petitioner has the burden to establish that writ relief is appropriate." *Halverson v. Secretary of State*, 124 Nev. 484, 487, 186 P.3d 893, 896 (2008). "A writ of mandamus will issue when the respondent has a clear, present legal duty to act." *Round Hill General Imp. Dist. v. Newman*, 97 Nev. 601, 604, 637 P.2d 534, 536 (1981) (citing NRS 34.160 and *Gill v. St. ex rel. Booher*, 75 Nev. 448, 345 P.2d 421 (1959)). A writ of mandamus is available to compel the performance of an act which the law requires as a duty resulting from an office, trust or station or to compel the performance of an act which the law especially enjoins as a duty resulting from an office, trust or station. *See* NRS 34.160 and *Cote H. v. Eighth Judicial Dist. Court ex rel. County of Clark*, 124 Nev. 36, 39, 175 P.3d 906, 907-908 (2008). *See also State v. Second Judicial Dist. Court ex rel. County of Washoe*, 118 Nev. 609, 55 P.3d 420 (2002) ("The writ is generally issued to compel the performance of an act that the law

requires as a duty resulting from an office, trust or station, or to control an arbitrary or capricious exercise of discretion.")

"Mandamus, moreover, is an extraordinary remedy, and the decision to entertain such a petition is addressed solely to [the court's] discretion. *State ex rel. Masto v. Second Judicial Dist. Court ex rel. County of Washoe*, 125 Nev. 37, 43-44, 199 P.3d 828, 832 (2009) (citing *Poulos v. District Court*, 98 Nev. 453, 455, 652 P.2d 1177, 1178 (1982)).

Ultimately, "[a] petition will only be granted when the petitioner has a clear right to the relief requested and there is no plain, speedy, and adequate remedy in the ordinary course of law." *Halverson*, 124 Nev. at 487, 186 P.3d at 896 (citing *Walker v. Dist. Ct.*, 120 Nev. 815, 819, 101 P.3d 787, 790 (2004))¹.

III.

ARGUMENT

Petitioner seeks the extraordinary remedy to have this Court issue a writ of mandamus requiring the COMMISSION to produce "win percentages or payback percentages of slot machines for Clark County casinos with \$1,000,000 in revenue, by both denomination and casino for the last available twelve (12) month period." Petitioner relies on NRS chapter 239 as forming the basis for some duty imposed on the COMMISSION requiring it to comply with Petitioner's request.

The Petition for Writ of Mandamus should be denied as Petitioner is not entitled to the issuance of a writ of mandate against the COMMISSION. First, the COMMISSION does not have a duty to create the information sought by Petitioner as it is not contained in any document in the custody or control of the COMMISSION. Second, the COMMISSION does not have a duty to provide to Petitioner any documents in the custody or control of the COMMISSION from which slot win percentages could be calculated as the information is confidential pursuant to NRS 463.120 and potentially privileged pursuant to NRS 463.3407. Third, the COMMISSION does not have a duty to provide to Petitioner confidential and

¹ While arguably the Petition should be denied given that there is a plain, speedy and adequate remedy available to Petitioner under the provisions of NRS chapter 239, the COMMISSION is not pursuing that argument in the interests of efficiency.

potentially privileged information until Petitioner complies with the notice requirements of NRS 463.341 and 463.3407(3)(a).

1. THE COMMISSION DOES NOT HAVE A LEGAL DUTY TO CREATE A DOCUMENT CONTAINING THE INFORMATION SOUGHT BY PETITIONER

Petitioner seeks information that is not maintained in the normal course by the COMMISSION. The COMMISSION simply does not have a document that identifies the slot win percentages for each individual casino. See Exhibit A, Affidavit of Frank Streshley. Gaming licensees do not specify in any document submitted to the COMMISSION slot win percentages and the COMMISSION has not created a document containing that information on a casino-by-casino basis. Rather, any win percentage by denomination and by casino would have to be calculated using revenue information submitted by gaming licensees in tax related filings. See Exhibit A, Affidavit of Frank Streshley. In fact, the Gaming Control Board (BOARD)² has created publications that contain, to a certain extent, slot machine win percentages, but on a state-wide and region-wide basis. That data is obtained from and compiled using the confidential revenue filings made by casinos using coin-in and gross revenue information. See Exhibit B, NGC-31. Significantly, no BOARD publication contains individual casino revenue related information or even an individual casino's slot win percentage information.

Moreover, there is nothing in NRS chapter 239 that imposes a legal duty on the COMMISSION to engage staff in the work of calculating and then documenting, for Petitioner's personal benefit, the slot-win percentages of individual Clark County casinos. Petitioner essentially wants to "fish" through the confidential records of the COMMISSION, which is inappropriate. If Petitioner wants the slot win percentage for particular casinos, he should go to the source for that information. He should request that information from the casinos as that information belongs to them. There is no basis to compel the COMMISSION to use State resources to compile information for Petitioner's personal research projects.

ã

² For the benefit of the Court, the COMMISSION and the BOARD are separate state agencies created pursuant to NRS 463.022 and NRS 463.030, respectively. While the COMMISSION is responsible for ensuring the proper reporting and collection of gaming related taxes and fees, the BOARD assists in those functions.

In Petitioner's brief, he asserts that some unspecified "gaming" person informed Petitioner that there is a "sheet that revealed the slot payback percentage by individual casino." Despite what Petitioner asserts he was told or what he heard, he is simply wrong. The COMMISSION focuses the Court on the attached affidavit of Frank Streshley who is the chief of the BOARD's Tax and License Division and responsible for overseeing the collection and reporting of gaming taxes and fees. Through his affidavit, Chief Streshley unequivocally states that the information sought by Petitioner is not maintained in any COMMISSION record. Again, the COMMISSION has the ability to calculate slot win percentages of individual casinos, but it has not done so and it is not required to.

Petitioner also seems to think that the BOARD's publication of the Nevada Gaming Abstract somehow bolsters his position. First, the BOARD's publication of this document is irrelevant to the question of whether the COMMISSION is under a legal duty to create and then provide Petitioner with the information he seeks. Second, the Nevada Gaming Abstract contains information that is not specific to any individual casino and therefore does not reveal any confidential information. Third, the Nevada Gaming Abstract, as with other BOARD published information, is a document that is derived from statutory mandates pertaining to the dissemination of information concerning the economic health of the gaming industry. See NRS 463.120(6) and NRS 463.1592(2). See also Nev. Gaming Comm'n Reg. 6.070(3). The BOARD's publication of the Nevada Gaming Abstract, in no way supports Petitioner's theory that the COMMISSION is obligated to provide him with slot win percentages of individual casinos.

The COMMISSION has no legal duty to create for Petitioner a document containing slot win percentages by denomination and by individual casino. Therefore, the Petition should be denied.

2. THE COMMISSION DOES NOT HAVE A LEGAL DUTY TO DISCLOSE CONFIDENTIAL AND POTENTIALLY PRIVILEGED INFORMATION TO PETITIONER

Even if the COMMISSION actually compiled the win percentages of the different denominations of slot machines on a casino-by-casino basis, that information would be

protected from disclosure just as are the revenue filings of casinos that contain the data necessary for such a calculation. The information Petitioner seeks is confidential and potentially privileged. Therefore, there is no legal duty on the part of the COMMISSION to disclose that information.

a. Petitioner is Seeking Information Made Confidential Pursuant to NRS 463.120

Slot win percentages of individual casinos, if calculated and documented, and the data used to determine win percentages is not public or in a public record required to be provided to Petitioner upon request pursuant to the provisions of NRS chapter 239. Instead, the information is unquestionably deemed confidential pursuant to NRS 463.120.

NRS 463.120(4)(a) provides in relevant part that:

Except as otherwise provided in this section, <u>all information</u> and data:

(a) Required by the Board or Commission to be furnished to it under chapters 462 to 466, inclusive, of NRS or any regulations adopted pursuant thereto or which may be otherwise obtained relative to the finances, earnings or revenue of any applicant or licensee;

⇒are confidential and may be revealed in whole or in part only in the course of the necessary administration of this chapter or upon the lawful order of a court of competent jurisdiction. The Board and Commission may reveal such information and data to an authorized agent of any agency of the United States Government, any state or any political subdivision of a state or the government of any foreign country. Notwithstanding any other provision of state law, such information may not be otherwise revealed without specific authorization by the Board or Commission.

NRS 463.120(4)(a) (emphasis added).

The win percentages associated with different denominations of an individual casino's slot machines is a number directly related to the finances, earnings and revenue of a casino. Win percentage simply cannot be determined without revenue information. Specifically, win percentages are calculated by dividing gross revenue by coin in. Whether it is win percentages or the tax filings containing the data needed to determine win percentages, it is confidential pursuant to NRS 463.120.

Nothing in NRS chapter 239 imposes a legal duty on the COMMISSION to disclose to Petitioner confidential information. In fact, NRS chapter 239, coupled with NRS 463.120, clearly allows the COMMISSION to refuse to disclose confidential information. Because the COMMISSION has no duty to provide confidential information to the public upon request, there is no basis for the issuance of a writ of mandamus.

b. <u>Petitioner is Seeking Information that may be Privileged Pursuant to NRS 463.3407.</u>

Those documents in the custody of the COMMISSION that would enable Petitioner to calculate "win percentages" for slot machines at the large Clark County casinos may, in addition to being confidential, be privileged pursuant to NRS 463.3407.

NRS 463.3407 provides:

- 1. Any communication or document of an applicant or licensee, or an affiliate of either, which is made or transmitted to the Board or Commission or any of their agents or employees to:
- (a) Comply with any law or the regulations of the Board or Commission;
- (b) Comply with a subpoena issued by the Board or Commission; or
- (c) Assist the Board or Commission in the performance of their respective duties,

⇒is absolutely privileged and does not impose liability for defamation or constitute a ground for recovery in any civil action.

- 2. If such a document or communication contains any information which is privileged pursuant to chapter 49 of NRS, that privilege is not waived or lost because the document or communication is disclosed to the Board or Commission or any of its agents or employees.
- 3. Notwithstanding the provisions of subsection 4 of NRS 463.120:
- (a) The Board, Commission and their agents and employees shall not release or disclose any information, documents or communications provided by an applicant or licensee, or an affiliate of either, which are privileged pursuant to chapter 49 of NRS, without the prior written consent of the applicant, licensee or affiliate, or pursuant to a lawful court order after timely notice of the proceedings has been given to the applicant, licensee or affiliate.
- (b) The Board and Commission shall maintain all privileged information, documents and communications in a secure place accessible only to members of the Board and Commission and their authorized agents and employees.

(c) The Board and Commission shall adopt procedures and regulations to protect the privileged nature of information, documents and communications provided by an applicant or licensee, or an affiliate of either.

NRS 463.3407 (emphasis added).

Pursuant to the provisions of NRS 463.3407, the COMMISSION is barred from disclosing any information provided by a licensee which is privileged pursuant to NRS chapter 49 without the licensee's consent. NRS chapter 49 includes an "accountant and client" privilege pursuant to NRS 49.125-49.205, and that privilege, if it exists between any of the gaming licensees and their accountants, would remain intact despite submitting the privileged information to the COMMISSION. See NRS 463.3407(3)(a). Thus, the information sought by Petitioner conceivably encompasses privileged communications.

Accordingly, Petitioner does not have a clear right to the relief he seeks as the information that is the subject of his Petition is potentially privileged. Therefore, there is no basis for issuing a writ against the COMMISSION.

3. THE COMMISSION DOES NOT HAVE A LEGAL DUTY TO DISCLOSE CONFIDENTIAL AND POTENTIALLY PRIVILEGED INFORMATION AS PETITIONER HAS NOT COMPLIED WITH THE PROVISIONS OF NRS 463.341 AND NRS 463.3407(3)(A)

Given that Petitioner is seeking an order from this Court requiring the COMMISSION to release information that is confidential pursuant to NRS 463.120(4) and potentially privileged pursuant to NRS 463.3407, Petitioner must first comply with the notice requirements contained in NRS 463.341 and NRS 463.3407(3)(a).

NRS 463.341 provides:

An application to a court for an order requiring the Board or the Commission to release any information declared by law to be confidential shall be made only upon motion in writing on 10 days' written notice to the Board or Commission, the Attorney General and all persons who may be affected by the entry of such order. Copies of the motion and all papers filed in support of it shall be served with the notice by delivering a copy in person or by certified mail to the last known address of the person to be served.

NRS 463.341.

A prerequisite to a court order requiring the COMMISSION to release any confidential information is "notice to all persons who may be affected by the entry of such order."

Again, Petitioner seeks the release of "slot win percentages for Clark County casinos with \$1,000,000 in revenue, by both denomination and casino for the last available twelve (12) month period." Given that every Clark County casino with \$1,000,000 or more in revenue may be affected by releasing confidential information that is also proprietary to them, Petitioner is required to notify those casinos that he is seeking a court order mandating that the COMMISSION release the information. There is nothing in the Petition to suggest that such notice has been provided.

Similarly, NRS 463.3407(3)(a) requires timely notice to a licensee of any proceedings that may result in the release of their privileged information. Again, all of those Clark County casinos that may be impacted by a court order requiring the COMMISSION to release information that may be privileged must be given notice of this matter.

Petitioner's evident failure to comply with NRS 463.341 and 463.3407(3)(a) forms yet another basis for denial of his Petition. Again, Petitioner is unable to establish that he has a clear right to the relief he seeks.

IV.

CONCLUSION

Petitioner does not have a clear right to the relief he seeks. Petitioner seeks information that the COMMISSION does not regularly maintain. Regardless, slot win percentages of individual casinos and the data supporting those calculations are confidential and potentially privileged.

Petitioner is seeking an extraordinary remedy to obtain access to extraordinarily sensitive proprietary information that ultimately belongs to Nevada gaming licensees. The COMMISSION has historically deemed the type of information Petitioner seeks as sensitive and confidential pursuant to the provisions of NRS chapter 463. Ultimately, Petitioner's convoluted arguments are not sufficient to meet his burden. There is no duty on the part of the COMMISSION to disclose confidential and potentially privileged information to Petitioner

necessitating this Court issue a writ of mandamus. Therefore, the COMMISSION requests that the Petition be denied.
